

Y7 Textiles Technology Crazy Creatures Project

1

Firstly choose your desired level of difficulty

= Homework points on completion

2

Plan which tasks you will do and which deadlines you will hand them in on.

3

Make sure you have any resources you will need to complete the homework to the best of your ability.

4

Complete homework on time and hand in to your teacher.

You **must** achieve at least **8** Homework points.

The winner of your class will be awarded a **Young Designer Award**

Design a health and safety poster

Remember to include a bold title and pictures

Produce an Info sheet on Jim Henson

Include information on the types of puppets he created and the tv shows they were in

Create a comic strip

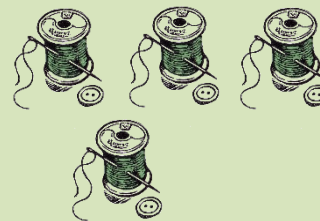

Explain how to do applique using pictures

Redesign an existing puppet

Include an image of the original puppet, design drawings and an explanation of what changes you would make and why.

Presentation suggestion: an A3 display board

Make something textiles based at home

You can knit or sew it

You must take photographs of yourself making

Use technical language to explain the process you have used to make it

Present your work on an A3 display board
