

Newark Academy Safeguarding

The safety and welfare of our young people is paramount and sits at the centre of everything that we do. Safeguarding is everybody's responsibility here at Newark Academy and our staff are well trained to spot signs where a young person might need support so that interventions can be put in place quickly. We have a very experienced Pastoral Team who work daily to support young people who are having difficulties or facing challenges in life outside of school. We pride ourselves on the strong care we provide our students with and the personal growth and the development of character they achieve as a result.

Leaders' support for the school's most vulnerable pupils, including children looked after, has been exemplary. Parents and carers contacted inspectors directly to tell us about the high standard of care very vulnerable pupils had received.

Ofsted 2019
