GCSE Press Release

Newark Academy, part of Nova Educational Trust celebrates GCSE success once again

Students, families and staff at Newark Academy, part of Nova Educational Trust, are celebrating another excellent set of GCSE results today.

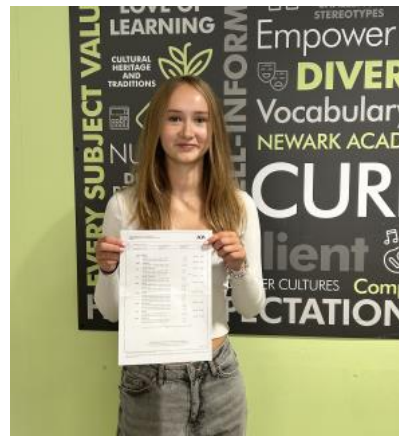

These grades reflect the commitment to learning and aspiration to achieve excellence that all students demonstrate. Today's success is built upon five years of the highest quality of education, in a safe and caring environment, which has led to these exceptional student outcomes. Their legacy of kindness and aspiration will inspire those who follow. Newark Academy are proud to be at the heart of its community, achieving excellence for the children of the area. We are delighted that students demonstrate our values of Working Hard and Kindness which will make them great citizens of the future and of whom we will continue to be very proud.

Miss Peña, Headteacher, said: "It has been lovely to celebrate with students and families. We are really proud of our students and the well-deserved results they collected today. This is an exciting time for our young people as they make important choices for their futures and I would like to wish them every success in all their future endeavours. We are, of course, delighted that many of our young people will stay with us to continue their studies in our growing sixth form and will continue to model excellence for our younger students"

"I would like to thank all staff (teaching and non-teaching), parents, carers and Governors who have supported students throughout their time at school. They work tirelessly to provide the best possible guidance and experiences for our pupils, and I would like to say a sincere thank you to all of them for their efforts."

Congratulations to the following students for their outstanding results across all subjects.

Emma Taylor who achieved grade 9s in all her subjects was delighted. She said: "I am so pleased. The interventions and extra help I got from teachers really helped".

Fin and Jay Charles wanted to thank their mum for her constant support. Fin said 'She always gives us the extra push and encourages us to complete homework and attend interventions: Fin also said, "I am proud of myself. I put the effort in and it has paid off. I want to thank my teachers and give a special shout out to Mr Woolley who encouraged me to believe I could do it in maths". Jay echoed his brother's comments and is excited to be joining Newark Academy for A levels. This is the first time the boys will study separately as Fin goes on to Denston College on a full rugby scholarship.

Eve Evans

"I feel a bit overwhelmed. I can't believe my Grade 9s in maths, biology and chemistry. I am really looking forward to my A-Level courses"

Ellis Owen who achieved grade 9s in Chemistry, Biology, Physics, English and Maths was very proud. He said: "I'm lost for words. I am so happy. I was not expecting to get such high grades in maths and English"
